SHORT ANSWER APPLICATION QUESTIONS

Community Leadership and Sustainability

1. Please describe the Community Leader for the proposed project. What are their qualifications or experiences? How are they involved in the community? Why will they succeed as a leader of this project? Is there anything else we should know about the individual?
2. Please describe the proposed Community Organization Partner and how they plan to be involved in the project. How is this organization involved in the community already? Include the mission, an overview of their current projects, and any other useful information about the organization.

Site Background

1. What information do you have about the history of the property, past buildings or owners, types of previous activity, etc?
2. Who currently owns the property (if known)? Please provide contact information.
3. Do you know of other plans to develop the site? If so, please explain who is involved, what the other proposed projects are, and the sources of your information.
4. If you do not already have a site in mind, please describe your ideal garden; location, neighborhood, characteristics, etc. We will do our best to find a parcel that meets your request.

Community Involvement

1. Please describe your neighborhood; what is the block like, what the people are like, and mention any nearby businesses, schools or other active groups that are central to the community.
2. Please describe any other open spaces in your neighborhood (e.g. vacant lots, parks, green space along rivers, etc.). Does the community use these spaces for anything? Why or why not?
3. Please detail any plans you have for the garden space. Include the materials you will need, how you will pay for your projects, how will build it, and how long you estimate each project will take to complete. List any resources you will potentially need from Milwaukee Urban Gardens.
4. If you or your group already gardens or holds activities on the site, please explain who is involved, how long the activities have taken place, and the impact on the surrounding community.
5. If you do not currently hold activities in the space, please describe the future activities you will schedule.. Who will be involved? When will they happen? How do you hope to impact the surrounding community?

Maintenance

1. Who will water the garden, weed, shovel snow and ice, be responsible for removing the trash, raking leaves in the fall, and repairing anything broken or vandalized in the space? If different from the Community Leader, please provide contact information.
